Dear Sir:

I am sorry to trouble you again but I would like to ask you about another set of numbers and their possible use as identification numbers for either Soviet or Allied intelligence personnel.

This time, I am interested in a six digit set of numbers 110678. I have several pieces of material but can not determine by whom they were sent and the foregoing set of numbers seems to figure as the identify of the sender. If you can be of any assistance I would be most greatful.

Sincerely,

Emory L. Brown, Jr.
